INNOVATION
SUMMER CAMPS
FOR KIDS

JOIN THE NEXT GENERATION OF INNOVATORS

At Galileo, we think big (like world-changing big), and we invite you to join us. Together we'll replace the "I can'ts", the "I don't know hows" and the "I quits" with creative confidence, fierce determination and the innovator within you. Have crazy fun collaborating with fellow campers and make tons of marvelous mistakes. Discover what you're truly capable of as you envision and create a better world. This summer—only at Galileo.

camp galileo

Pre-K – rising 5th graders explore art, science, engineering and outdoors. Campers develop the courage to create, fail without fear and boldly innovate through **4 fun-filled weekly themes**:

Galileo Amusement Park

The Art & Engineering of Circuses & Carnival Rides

Medieval Adventure

Royal Art & Inventions of the Middle Ages

Galileo Makers: Move It

The Art & Science of Motion

African Safari

The Art & Science of the Serengeti

Hosted by
Ogden Avenue School
in LaGrange
from June 19 - July 28
